From the Executive Director

Greeting friends and family!

It is hard to believe, but May is finally upon us. The early part of May truly is the most refreshing time of the year! There is nothing in the world, like the smell of Lilac bushes and flowers blooming all around. Even rain smells better in May! It's as if the flowers are personally greeting all the mothers just in time for Mother's Day.

Late May evokes the excitement of the upcoming summer season. When Memorial Day weekend comes around, we are tantalized by the intoxicating smell of hot dogs, and burgers being grilled to perfection. May in Wisconsin is a bountiful feast for all the senses.

It is a fun time to be here at the Hamilton House. Our own "Garden Goddesses" have begun preparing for the Garden Club. We look forward to the beautiful blooms that will dress up the flower beds in front of the building. We will have summer vegetables growing on the back patio, in addition to a beautiful assortment of potted flowers to add to the ambiance.

As you can see, I am very ready for May and all its splendor! I encourage you to visit and stop to smell the flowers here at Hamilton House Senior Living.

Sincerely,
Mitchell Martenson

Please join the LIFEGUARD Senior Lifesaving Course

Traditional lifeguards are trained to closely monitor the environment around them. This course provides basic information to understand the senior community environment and the important role of the **SAFE at HOME LIFEGUARD!**

Our Spring LIFEGUARD courses focus on how to save lives by mastering detection and notification! The six, weekly, half-hour courses offer basic and impactful insights into how we can help our friends and neighbors avoid hospital stays.

Scan the code to register!
