Greetings!

As the new year rapidly approaches, I wanted to take a moment to express gratitude to all our Hamilton House Senior Living Community team members, families, friends, care partners, vendors and visitors. We appreciate each and every one of you, and enjoy welcoming you into our community to be here for our community members. It takes a village, and we value your involvement in our community and with our residents.

Please check out the upcoming events for the month of January, here at Hamilton House. I hope you will stop in for a visit - we would love to see you.

Wishing a Happy New Year to all.

Sincerely,

Mitchell Martenson

John Wesley, a faith leader in eighteenth century England and co-founder of the Methodist movement, was known for beginning each year with a covenant renewal ritual. The idea behind this annual renewal was to use the transition from year to year as a time check in with one's own spirit, to renew one's faith, and to evaluate and re-commit to one's values and consider how to live them out in the year ahead. If you were creating your own renewal ritual for this new year, 2025, what would you include? What do you believe in? What do you value? Is there anything from 2024 that you need to release so that your spirit can be at peace? What will ground you in the year ahead? How can the people around you in this community support and encourage you in being the person you choose to be...and how can you support your neighbors in the same way? May this month of January be for each of us another moment where we can begin, become, and believe! Happy new year!
