Greetings!

As we are preparing to march into March, here at Hamilton House Senior Living Community, I wanted to highlight one or two interesting facts I learned about this month. Firstly, March is the first of only three months out of the year to have five Saturdays, and five Sundays. After March, it is only August and November, which have five Saturdays and Sundays. Hmm ... interesting, right?

Then, I found that March has two birthstones (Aquamarine, and Bloodstone). The names of the birthstones, sound quite mysterious, which is fitting for this wild month that transitions from Winter into Spring. We all know, here in Wisconsin, that Winter tends to leave in a blustery, and mysterious manner.

Lastly, I learned that the month of March symbolizes transformation and new growth. So true, as I look forward to the trees reawakening from their cold slumber and seeing them budding green with new growth, on my drive to and from the Hamilton House. March is a time to appreciate what remains of Winter, while awaiting the coming Spring.

As you continue reading, please note the fun things we have planned for March. I invite you to march-on-down to see for yourself. We always welcome new friends here at Hamilton House Senior Living Community!

Sincerely,

Mitchell Martenson

## MARCH

*Come, thou fount of every blessing. Tune my heart to sing thy grace!*  
-Robert Robinson (1758)

I grew up singing one of my favorite songs, *Come Thou Fount of Every Blessing*. I've sung it hundreds and hundreds of times in my life, but it became my favorite because of some very specific memories. I remember as a child, visiting my grandparents who lived in another state. I remember sitting in the hard, wooden pews of their small-town church, snuggling into my grandmother's warmth, feeling her deep breaths and the vibrations of her singing, "tune my heart to sing thy grace." I felt safe there, and I knew that I was loved. In a way, those moments were attuning my own heart to experience and treasure the faith that has been passed down in my family for generations, even as I have grown into a faith of my own. When you think about what faith – or spirituality – means in your life, are there people or places, songs or words that make you feel safe and loved? How has your own belief been shaped? Who has been a part of your journey to becoming who you are?

## March Highlight

Meet our friend Corny. Corny has three amazing daughters, who visit their mom frequently. In their visits, they always help Corny to decorate her "Holiday Tree", according to the time of year. It is a tradition they began a few years ago, and it is so fun to see the seasonal decorations. Highlighted in this month's newsletter is her St. Patrick's tree. Corny is very proud of her Irish heritage, and so this tree represents her ancestry, family traditions, and most importantly, the fun & spunky qualities of Corny, that we love so much!
