Hello Hamilton House Family!

What an exciting time it is here at Hamilton House Senior Living! Just last month, we shared how thrilled we were to take part in the *Walk to End Alzheimer's*—and now, the countdown is on! Mark your calendars for Saturday, October 4th, as we proudly join the Ozaukee County Walk in Port Washington. It's more than just a walk—it's a powerful step toward a world without Alzheimer's.

We're especially proud to share that last year, Hamilton House was the *largest* senior living team participating in the Ozaukee Walk—and we raised the *most* money among all senior living communities! This year, we're ready to go even bigger, and we need your help to do it!

Our community is buzzing with energy as we dive into our annual Alzheimer's fundraising season. We've got some incredible events lined up—fun-filled, purposeful, and packed with opportunities to come together, raise awareness, and make a real impact. Keep an eye on our website at

www.hamiltonhouseseniorliving.com and follow us on Facebook for updates you won't want to miss!

This summer, we're living our mission out loud—with joy, heart, and purpose. We're embracing the spirit of *Aging Magnificently*, ignited by the *Power of Purpose*, and united by the belief that we are truly *Better Together*. Stop by anytime—we'd love to see you and share a smile.

Chaplain's Corner

JUNE

All nature sings, and 'round me rings the music of the spheres.

-Maltbie D. Babcock (1901)

The summer months have come again, the seasons changing as they do. Nature is a wise teacher for us about the rhythms of life. The seasons come and the seasons change, so it is for all of us. Many people around the world believe that connecting with nature can be a source of spiritual growth and healing. Spending time outside, whether soaking up some sun on a warm day or looking up into the night sky, can remind us that we are part of something big and beautiful and complex. Looking closely at a leaf or flower or even a single blade of grass can inspire our creativity or move us to compassion. This summer, can you make time to be outside in nature? Notice what you see, what you hear, and what it feels like to simply be who you are amid the beauty of creation. May you experience belonging in this world and awareness that you, too, are part of the beauty of the earth.
